Profile

To obtain the position of Part-Time Lab Associate for the CAMD Immersive Media Lab for Summer 2023, where I can utilize my technical and communication skills to support the daily operations of the lab and gain valuable experience in emerging XR technologies.

Skills

- Proficient in Adobe Creative Suite, including Photoshop, Illustrator, and Premiere
- Familiarity with Windows computers and troubleshooting techniques
- Experience with digital cameras and video editing
- Strong communication and interpersonal skills
- Enthusiastic about learning new technologies and techniques

Professional Experience

University of Mumbai, India

Jan 2020-Jul 2020

Lab Assistant

- Assisted students and faculty with technical issues and provided support for various lab equipment
- Monitored the lab spaces to ensure safety and adherence to lab policies
- Maintained and organized lab equipment, including digital cameras and computers
- Assisted in processing gear rentals using WebCheckOut
- Collaborated with other lab associates to complete tasks and projects assigned by the lab manager

Mumbai University, Mumbai, India

August 2019

Digital Analyst

- Assisted in the support of many modern digital solutions within the university by writing, maintaining, and editing technical articles for the services offered by ITS
- Created, revised, and adjusted metrics used to evaluate article usage and effectiveness
- Demonstrated a thorough understanding of technical concepts and communicated effectively using the written word
- Ensured customer satisfaction by improving customer interaction with technical articles and direct interaction
- Worked closely with Product Management, Marketing and Customer Support
- Led meetings with seniors and new joiners along with other members to setup a plan for any event

Academic Projects

- Designed a user interface for a mobile application using Adobe XD, which involved wireframing, prototyping, and user testing
- Created a series of posters for a campus event using Adobe Illustrator, which involved creating original artwork and typography
- Produced a short video promoting a student organization using Adobe Premiere, which involved filming, editing, and sound design
